23 <sup>rd</sup> February	Squirrels	Free choice
2 <sup>nd</sup> March	Rabbits	Free choice
9 <sup>th</sup> March	Owls	Free choice
16 <sup>th</sup> March	Badgers	Free choice
23 <sup>rd</sup> March	Moles	Free choice

Our main topic area for the next term is the weather. This will be studied under two different subject headings:

- Weather through Geography – How does the weather affect our lives?

**Show and tell ideas might be to bring a postcard/photo/souvenir from somewhere you have been and be ready to discuss what the weather was like when you visited.**

-----

Then after half term:

- Weather in Science – Seasonal changes and daily weather patterns.

**Show and tell ideas will be free choice this half term.**

*If for any reason Show and Tell doesn't happen on a designated Friday then it will carry over to the following Monday.*
